ABSTRACT

The directory is a listing of the school administrators for the five geographic areas in Florida that host migrant programs. Following a map of the areas, the directory presents three master lists: an alphabetical list of Florida school districts and the area of each, an alphabetical list of cities and their counties, and an alphabetical list of counties and their cities. For each area, the directory gives the name, address, and telephone number of the program administrator and lists the counties in the area. The directory then lists the name, address, and telephone number of the superintendent and the migrant administrator for each county in the area. For many districts, the directory also lists individual schools, principals, tutors, and counselors, with their addresses and telephone numbers. (SB)
